

## **REMARKS**

In the Notice of Allowance dated 12/29/2009, Applicant noted that some of the claims contain certain typographical or antecedent issues. In this amendment, these claims are amended to correct the typographical and antecedent issues. Applicant also noted that claim 40 should depend on claim 29. Specifically claims 28 and 29 recite different limitations of a particular keyboard key being pressed and not being pressed respectively. Claims 38 and 40 which have identical limitations were intended to depend on claim 28 and 29 respectively. Through a typographical error, claim 40 depends on claim 39, which makes claim 40 (that has identical limitations as claim 38) to indirectly depend on claim 38 through claim 39. Therefore, claim 40 is amended to correct the typographical error and to depend on claim 29. Applicant has not added or changed the scope of the allowed claims. Applicant requests that the above amended claims be entered pursuant to 37 CFR §1.312.

### **1. Why the amendment is needed**

The Amendment is needed to correct certain typographical errors in some of the claims.

### **2. Why the proposed amended claims require no additional search or examination**

The Examiner has already stated in the Notice of Allowance that all the claims in amendment filed 09/17/2009 are allowed. The Amendment does not introduce new subject matter and correcting the typographical errors in some of the claims does not change the scope of the claims and therefore requires no additional search.

### **3. Why the claims are patentable**

The Examiner has already stated that the claims as provided above are allowable. Applicant has not added or changed the scope of the allowed claims. Therefore, the claims are patentable.

#### 4. Why the claims were not presented earlier

Upon receiving the Notice of Allowance, Applicant recognized some of the claims require amendment to correct certain typographical errors. Therefore, this amendment is being submitted in compliance with §1.312.

#### CONCLUSION

In view of the foregoing, Applicant respectfully requests that the amendment to the claims above be entered pursuant to §1.312. Applicant has submitted all known required fees and petitions. Accordingly, Applicant believes that no additional fees, petitions for extensions of time, other petitions, and/or other forms of relief are required for the submission of this Amendment. However, in the unlikely event that the Commissioner determines that additional fees, petitions for extensions of time, other petitions, and/or other forms of relief are required, Applicant hereby makes such petitions as are required, requests such extensions of time and other forms of relief as are required, and authorizes the Commissioner to charge the cost of such petitions for extensions of time, other petitions, and/or other forms of relief to **Deposit Account No. 50-3804**, referencing **APLE.P0060**. Respectfully submitted,
